Says Truman Told MacArthur U.S. Needed Allies' Support

Washington, May 11 (P)—President Truman told Gen. Douglas MacArthur last January 13 that Korean war policy must be designed to keep the support of Allies whom we "would desperately need" in case of war with Russia.

This was contained in a message sent by the President as a follow-up to a set of 16 possible courses of action the Joint Chiefs of Staff had dispatched to MacArthur the previous day.

The text of the President's message, in paraphrased form, was read by Secretary of Defense Marshall to Senate committees inquiring into MacArthur's dismissal as Far Eastern commander.

At the outset, the President said his telegram "was not to be taken in any sense as a directive." He added that "its purpose is to give you something of what is in our minds regarding the political factors."

Fire Hydrants To Be Flushed Tonight

John H. Long, manager of the Gettysburg Municipal Authority, said today that Authority workmen will flush fire hydrants in all sections of town this evening beginning about 7 o'clock.

The work may result in some cloudiness in the water and may reduce water pressures for a short time in some sections of town, Mr. Long said. In a few cases the water supply will have to be cut off for a half hour or less. Work will continue through much of the night.

MAKE PLANS FOR "OPEN HOUSE" AT COUNTY HOME

Preliminary plans are under way for an "open house" and visiting day at the Adams county home late in the summer, probably in August, according to report made by Mrs. Leon H. Gage, Littlestown, chairman of the visiting day committee, at a meeting of the Adams County Home auxiliary Thursday afternoon. The meeting was held at the county home with Richard Summer, president, presiding.

A day will be set aside when all residents of the county may visit the county home. A booth will be set up and an entertainment program provided, which will include a band concert and other features. Unless inclement weather prevents, much of the program will probably be held on the lawn. Mrs. Gage promised a more complete report at the June meeting.

Need More Readers

Mrs. Ira Henderson, Fairfield, chairman of the birthday committee, reported that a party was held last month at the home by the Fairfield Mennonite church. Mrs. Hope Morgan, Cashtown, chairman of the reading committee, said there had been a falling off in the number of volunteers to read to residents of the home. She urged other persons to volunteer and notify her, so that the full program may be carried on through the summer.

Dr. Ralph R. Gresh reported total contributions to date for the movie projector and screen at \$510. The screen has been purchased, he said, and the projector will be ordered in the near future. The auxiliary voted unanimously to send a letter of thanks to Rev. Fr. Louis Forgen, Lancaster, formerly of Gettysburg, for the loan of the movies which thus far have been shown at the county home.

Mrs. Ralph Wierman donated 20 phonograph records for the use of residents and Mrs. Thomas O. Weaver purchased ten additional records and gave them to the home. Among needs listed are a wardrobe closet, quilting frame, two electric wall clocks and a sewing machine for both light and heavy work.

Dr. Fortenbaugh To Get Medal Saturday

On Saturday, Dr. Robert Fortenbaugh, head of the department of history at Gettysburg college, will go to Philadelphia to receive a Freedman Foundation medal at ceremonies to be conducted at the Chapel of the Four Chaplains.

Earlier, Marshall told the senators

the risk of war with Russia in the

Far East is "more acute by far" than

the hazard of Soviet intervention in Western Europe.

This estimate of the comparative

risks was given in response to a

question from Senator Hickenlooper (R-Ia.).

Hickenlooper said he wondered

why "we would accept a calculat-

ed risk" of provoking Russia to

war in Europe, and why on the

other hand "we refuse to accept a

similar calculated risk" in the Far

East.

The award to Dr. Fortenbaugh is

in recognition of his book, "Lincoln

and Gettysburg," published and dis-

tributed by the Bookmart.

The pallbearers will be William Myers, Guy Sanders, Gleson Sanders

Allies Advance Three Miles On Eastern Front; Enemy Is Readyng New Drive On Seoul

Tokyo, May 11 (P)—United Nations troops shovved ahead three miles on the east Korean front today. In the west they dug in to meet an expected Red offensive.

South Koreans made the eastern advance north of Parallel 38. They met only light opposition. One infantry company marched into Inje without firing a shot.

Elsewhere the front was quiet except for restless, probing patrols. But there was continual movement back of Communist lines.

AL DARK LEADS GIANTS' SURGE TOWARD THE TOP

By JACK HAND

(Associated Press Sports Writer)

With Al Dark hitting .370, Leo Durocher is leading his New York Giants back from the National League boneyard.

Dark, not Bobby Thompson nor Monte Irvin, is the big man in the Giants' bounce-back surge after their embarrassing start. Since the club broke its 11-game losing streak, Dark has averaged .486 at the plate in the last 11 games.

Because the early form chart is topsy turvy, the Giants have been able to recover from their early staggers. Now they're back in the league, only four games out of first place.

Only The Giants Gained

Everybody expected the solid Eastern clubs to fatten on their weak western brethren. So what happened? Only the Giants did themselves any good in the first intersectional series.

Boston and Brooklyn settled for 500 against the west and the defending champion Phillies wobbled around at a 4-6 pace.

Dark had a hand in all the Giant runs in yesterday's 3-2 win over the flu-riddled St. Louis Cardinals. He singled in the first and rode home on Hank Thompson's home run blast into the right field seats.

In the third he doubled and scored the run that proved decisive on Ray Nodell's single.

The three-straight sweep from St. Louis lost some of its glamor because the Cards were far below par. Stan Musial, felled by a virus attack, stayed in his hotel room. Only three regulars were in the lineup. Six players and a coach were knocked out by the flu.

Reds Down Braves

Rookie Roger Bowman and veteran Dave Koslo teamed up to hold the Cards to seven hits with the win going to Bowman.

Cincinnati tightened the race by knocking off the leading Boston Braves, 4-1, on Ewell Blackwell's seven-hit pitching. The loss left the Braves in first place by one game.

The slim sidearm ace had Boston eating out of his hand. He missed a shutout in the eighth because Grady Hatton let a pop fly fall for a two-base error.

Brooklyn closed closer to the Braves by bumping Chicago, 6-1. It was Don Newcombe's first win in almost three weeks. The big blow against loser Cal McLish was Gil Hodges' ninth homer in the fifth inning.

Dickson Stops Phils

Pittsburgh, a distant eighth last year, wound up a successful tour by shutting out the Phillies, 2-0, on Murry Dickson's four-hitter. All the scoring came in the sixth off Bubba Church. Gus Bell accounted for one with his third homer.

The Phils also lost a catcher when Del Wilber was knocked out in a crash with Wally Westlake. Several stitches were required to close a gash under the eye. With first stringer Andy Seminick still resting at home after being hit on the head by a pitch, the Phils are in a bad way for catching help as they leave home for a two-week tour.

All American league action was postponed.

FATAL PLUNGE "ACCIDENTAL"

Shenandoah, Pa., May 11 (AP)—A coroner's jury investigating the fatal plunge of Lawrence Wolfgang from a second story window of the Amvets home here, early today rendered a verdict of accidental death resulting from fear.

George Forney, athletic director, announced arrangements have been made to stage the game Monday at 3:30 o'clock.

The Warriors will conclude their season with a game here Tuesday with Hanover. A pair of victories by Coach Howard Shoemaker's team would clinch the South Penn title.

Roy Mack of the Philadelphia A's said he doesn't want to see the Browns move but that there were too many problems involved on the Milwaukee angle to render snap judgment. If Omaha should replace Milwaukee then the A's would be involved since they have a farm club, Lincoln, in the Western league. And they wouldn't want to lose Omaha.

Will Harridge, president of the American league, said he had no word of a possible transfer of the Browns to Milwaukee. Such a move, he added, would require approval of the franchise transfer by both major leagues including a unanimous vote by the American league.

The jury, which heard the testimony of 19 witnesses, was told that members of the Amvets organization detected Wolfgang putting slugs in slot machines on the first floor of the home, and then took him to the second floor for questioning.

"After hearing all the evidence presented," the jury's verdict stated, "we have reached the following conclusion:

"That the deceased was taken up to the second floor and that fear resulting from uncalled for and erroneous procedure did cause the deceased to dart for what he thought was an exit and a way out of his predicament, and accidentally plunged to his death."

A large crowd attended the inquest, which lasted for nearly seven and a half hours, the longest known to Schuylkill county authorities.

FRIENDSHIP ADVENTURES
Nothing is so important in this world as that of having discovered and tied oneself to a friend. Thereafter life becomes an interesting and happy adventure. And if there can be more than one friend with whom to adventure, life is enlarged that much.

Among the most charming of books are those by the late David Grayson (Ray Stannard Baker). Some forty years ago he wrote one of his books on "Adventures in Friendship." No matter what friend the author met, it was an adventure into his particular life and activity and he learned something valuable from each experience.

What warmth and happiness surge through us as we recall the many adventures with those whom we have loved and adventured throughout our lives. Each experience enriched anew through the means of memory. No one can take our memories from us. When everything else seems lost, they remain.

W. H. Hudson's book "Far Away and Long Ago" is one of the most beautiful books written about a man's childhood and early youth. As you read it you pay a silent tribute to memory. Hudson's was not only an adventuresome life in nature but one that adventured into the lives of all human beings who came across his path. He had a lovable personality and a most unusual talent for clear expression. He wrote simply, but his writings sparkled with originality and understanding.

How fascinating is the journey into the mind of a friend! How often we have all sat and talked with someone with whom we loved to be, and travelled and adventured into that person's mind, as though it were a country with a multitude of roads leading to interesting spots and discoveries.

One of the glories of travelling is to discover a new friend or so, or to enliven one's adventurous spirit by meeting with friendly people. To friends along the way of life do we owe our morale. They are the ones who help to keep our thoughts riveted to the stars, and our hearts filled with hope and courage.

Tomorrow Mr. Adams will talk on the subject: "On Choosing."

MISS

Time was, into the house he'd

stride

In muddy shoes at set of sun;

His hat and sweater toss aside

And say: "Once more the

wedding's done."

I grumbled that he didn't see

The extra work he made for me.

The rug with garden soil he'd

track.

My patience oft he used to try.

The prettiest towel on the rack

He'd seize upon his hands to

What bothered me were things

like that,

And hanging up his coat and hat.

The garden lacks the care it

CONGRESS ACTS FAST ON CASES OF KOREA VETS

By JAMES MARLOW

Washington, May 11 (AP)—World War I and II veterans, under a number of laws passed by Congress, got or can get various benefits from the government—because they're war veterans.

But the veterans of the Korean fighting are not considered war veterans simply because Congress never has officially declared the Korean fighting a war.

So, since they're not in a "war," the Korean veterans can't get all the benefits available for war veterans, although they do get a few under special laws passed for them by Congress.

But there are wide gaps between the benefits for Korean veterans and those opened to war veterans. This was illustrated this week by the laws covering treatments at Veterans Administration (VA) hospitals.

A war veteran, suffering from an illness connected with his war service, can get treatment at a VA hospital anytime. So can a Korean veteran.

Congress Acts Fast

But a war veteran, with an illness not connected with his service, can get VA treatment while a Korean veteran, with non-service-connected disability, can't.

Or, rather, he couldn't until just now. This change was the result of something which happened in the past couple of days, illustrating the gap between benefits for the two kinds of veterans.

On Wednesday a Korean veteran with a throat ailment—evidently not connected with Korean service—sought treatment at a VA hospital in Tucson, Ariz. Because the law didn't cover him, he was turned down and went to a county hospital.

This story was carried in yesterday's papers here and at his news conference yesterday morning President Truman said Congress should pass a law plugging this kind of gap. Immediately he asked Congress to do so.

And, for a change, Congress acted fast. Before Thursday was over both houses passed a bill which said:

Bills Kicked Around

1. Korean veterans with non-service-connected disability could get VA treatment.

2. Next of kin of Korean veterans who died of non-service-connected ailments were entitled to \$150 for burial expenses. (Until yesterday this benefit went only to next of kin of war veterans.)

The Korean fighting started last June. Since then number of bills have been introduced in Congress to bridge the gap between the benefits for the two kinds of veterans.

Except for a few which Congress passed into law for the special benefit of Korean veterans, the rest have been kicking around in the capitol.

Briefly, this is what Korean veterans get:

(1) Occupational training if disabled in service, but none otherwise; (2) full compensation for service-connected disability, just like any war veteran; (3) a grant up to \$10,000 as payment on a home if so injured in service that they can't walk; and (4) protection on debts and loans contracted in civilian life before entering the service.

Here are benefits which war veterans get but Korean veterans don't:

War Vet Benefits

1. A war veteran who, after his discharge, becomes completely disabled although not from any cause

connected with his military service, can get a pension. A Korean veteran can't.

2. A war veteran, whether disabled in service or not, can get a free education at government expense. A Korean veteran can't, unless he was disabled in service.

3. A war veteran can get a loan from the government to buy a house or start a business. A Korean veteran can't.

4. A war veteran, who lost one or both legs, can get a free automobile from the government. A Korean veteran can't.

5. A war veteran could get unemployment pay when he got out of the service. A Korean veteran can't.

6. A war veteran got social security credit for his time in service. A Korean veteran doesn't.

REPUBLICANS PICK CHICAGO FOR '52 MEET

Tulsa, Okla., May 11 (AP) — With Chicago all but finally chosen as the site of their 1952 presidential nominating convention, Republicans backed away today from any public endorsement of Gen. Douglas MacArthur's Korean war policies.

The GOP national committee still had to ratify a subcommittee's unanimous recommendation that party delegates meet in Chicago the week of July 21 to pick their candidate. Many Republicans think the Democratic candidate will be President Truman, seeking his second elective term.

To Approve Report

Ratification of the subcommittee's recommendation was considered a formality, although Philadelphia adherents still were planning a contest.

In this last-minute battle, the Philadelphians were counting on an assertion that a vote for Chicago would be a vote to nominate Senator Robert A. Taft of Ohio, chairman of the Senate Republican policy committee.

B. Carroll Reece, Tennessee national committeeman and a supporter of Taft, was picked to report the subcommittee's recommendation to the national group.

It would be the latest Republican convention in history. But Democrats were expected to wait, as they have except in 1856 and 1888, for the Republicans to do their picking first.

This year promised to be no exception, with the Democrats being forced into an August 20 convention start, if they choose Chicago to make the convention arrangements cost less. Some Philadelphia adherents remained confident they can woo the Democrats their way, despite their apparent loss of the GOP convention.

Talk About Doug

While the nominating convention time and place was the principal business of the Republican national committee's meeting, the principal talk was about MacArthur and the political effect, his meteoric splash across America's front pages.

Almost without exception the Republicans who will have a large voice in naming the party's next presidential nominee adopted a wait-and-see attitude toward the deposed Pacific commander and his proposals for stepping up the war against Communist China.

Go To Court To Protect Agreement

Camden, N. J., May 11 (AP) — Local 551 of the Brotherhood of Locomotive Engineers has gone to court to protect an agreement with the Pennsylvania railroad that allows switching engineers extra pay for work over "foreign" lines.

The president of the Local, Arthur Naylor of Riverton, N. J., filed a petition in U. S. District court yesterday requesting an injunction to bar the railroad from making an agreement with the general chairman of the Brotherhood for eastern Pennsylvania. The new agreement would abolish the ten-year-old rule.

The rule provides engineers with an extra day's pay every time they take an engine over tracks owned by a road other than the PRR. Naylor said the rule has resulted in \$1,500,000 extra pay for engineers operating along the Delaware riverfront in Philadelphia since 1941.

The petition says Naylor believes the PRR is negotiating to sign a new agreement with Edward Menges of Harrisburg, Eastern Pennsylvania general chairman. The pact would abolish the extra-pay clause. The petition states that Menges does not have authority without approval of the local union. Hearing on the petition was set for May 18.

Farmer Sees Fox Outwit Crow Again

Bloomington, Ill., May 11 (AP) — Farmer Charles Green says he's willing to believe Aesop's fable about the fox and the crow.

In the story told 2,500 years ago, a crow which held a tasty bit of cheese in its beak was flattered by a fox. The fox allowed that the crow probably had a beautiful voice. When the crow opened its beak to sound a melodic caw, the cheese fell into the fox's mouth.

Green, who farms a place near McLean, about 10 miles southwest of Bloomington, is friendly with a fox family which dens beside his cornfield. Yesterday while plowing, Green said, he saw a crow attack a mother fox sunning herself with her cubs.

"The crow swooped down like a dive bomber," said Green. "Several times. The vixen just lay there, nose in the air, not flinching. Then, the crow dove too close. The vixen jumped, jaws snapped, and it was all over. All over but dinner for the foxes, that is."

Church Will Hold Drive-in Services

Ottawa, Ill., May 11 (AP) — The 102-year-old Waltham Presbyterian church is taking a tip from the movies; it will hold drive-in services this summer.

Worshippers will park their cars at the rural church 16 miles northwest of Ottawa, remain in them

RADIO

New York, May 11 (AP) — All sorts of props and gadgets were assembled for the production of "Korea — The Thousand Yard Look" by the Pulitzer Prize playhouse on ABC-TV at 9 Eastern Daylight Time tonight.

The play is based on dispatches sent by Hal Boyle, Associated Press war correspondent and columnist. Boyle will serve as narrator.

To allow space for the photo-like recreation of Korea's wartorn terrain, the drama will come from the huge ABC-TV studio that has full quarter-acre of floor space. In the equipment used are a personnel carrier truck, an army jeep, flash boxes to simulate exploding shells, smokepots to provide the effect of burning backgrounds, banks of spotlights to imitate burning flares in night battle. The overall scene, outside the town of Osan, includes the interiors of a hospital tent and villager's hut.

Dirt, trees, shrubbery and other outdoor material were trucked into the studio to give further authenticity. In the background a considerable amount of timber supporting what was required. Along with chicken wire and plaster.

A cast of 18 actors, including a Chinese lad to play the part of a Korean boy, is being augmented by 20 regular army men.

Additions to the schedule: Radio tonight — CBS 10:30 Lee J. Cobb of the Broadway stage in "Years of Challenge," documentary to mark third anniversary of Israel. Premier David Ben-Gurion, now in this country, will speak briefly. Television tonight — CBS 9:30 Eastern Daylight, "It's News to Me," tryout of a news panel show, in which various visual devices will be used to test the experts. John Daly as moderator.

Radio Saturday — ABC 11:30 a.m. Operation Dixie, new dance type series by All Sergeants Army group playing as a small jazz combination. NBC 5, Salvation Army Mother's Day program, Ted Malone narrator and Dr. Mary T. Martin Sloop, "Mother of the Year," among the guests.

DEWEY URGES FULL EMBARGO AGAINST CHINA

New York, May 11 (AP) — Gov. Thomas E. Dewey urged last night a complete embargo by all free nations against Communist China. He proposed an 11-point program to meet the threat of Russian aggression.

Dewey, speaking at the annual dinner of the New York State Republican committee, said:

"I do not mean an embargo just of rubber or steel or military equipment. I mean an absolute and total embargo against shipment of any goods or any trading whatsoever with Red China."

The New York governor told more than 2,600 \$100-a-plate diners that "while the pace will change from time to time, this war will continue the rest of our lives or so long as communism rules Russia."

Terming the Truman administration's Far East policy "weak-kneed and wobbling," Dewey added:

"I suggest that now is the time

for the force of public opinion to compel our government to formulate a policy for the whole Far East—a policy that will stop the spread of communism and start turning it back."

Dewey, who twice was Republican candidate for president, also demanded that China under Communist rule be barred forever from the United Nations.

Calls Firing "Shabby"

Concerning the ouster of Gen. Douglas MacArthur from his Far Eastern commands, Dewey said: "I do not challenge the power or the right of the President under the constitution to relieve a military commander. I do challenge the wisdom of the dismissal and the

shabby manner in which it was done."

Dewey agreed with MacArthur in advocating more aid and freedom of action to Chiang Kai-shek and resources.

The difference goes more than Skin-Deep

TODAY wonders what you're driving when you roll by in this one.

At the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches shorter than you'd think you need.

Capping it all, there's the silken versatility of Dynaflow Drive,* that takes all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in a Buick

is far more than just a new car—it's a whole new experience in getting pleasurable from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

DYNAFLOW DRIVE*—saves strain on driver and car

FIREBALL POWER—high-compression, valv-in-head engine gets more good from every drop of fuel

PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection

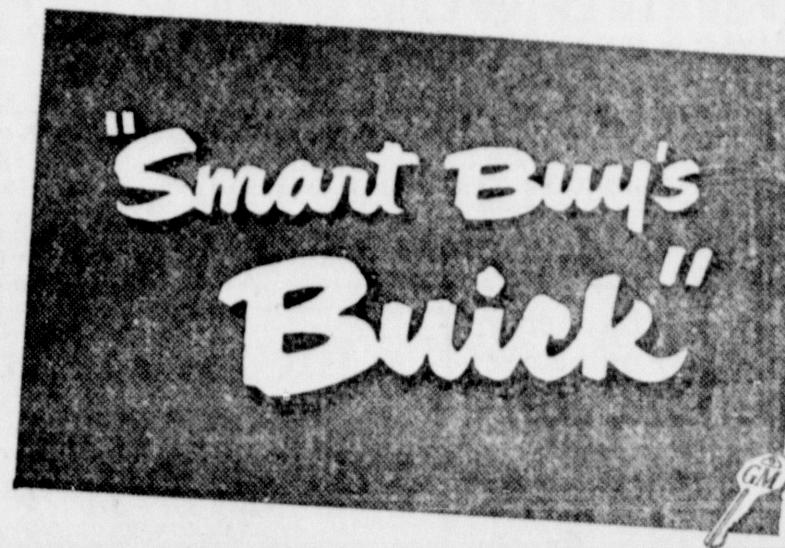

WHITE-GLOW INSTRUMENTS—greater clarity at night

TORQUE-TUBE DRIVE—steadies ride, improves driving control

4-WHEEL COIL SPRINGS—cushions ride, saves servicing costs

The program opened with the group singing "Day Is Dying in the West," accompanied on the piano by Mrs. Samuel H. Higinbotham. The scripture was read by Mrs. Claude Reichart, followed with prayer offered by Mrs. John W. LeGore. A vocal solo, "That Wonderful Mother of Mine," was sung by Ferree LeFevre, accompanied by Miss Phyllis Higinbotham. Mr. LeFevre then played a piano solo, "Mother Machree." Final plans were made for the society to send complimentary tickets to all new members received into the church during the past year to attend the 91st anniversary banquets.

LEGION WOMEN TO GIVE MEDALS

Child welfare was the theme of the May meeting of Ocker Snyder Post No. 321, American Legion Auxiliary Wednesday evening at the post home, East King street. The meeting was in charge of the president, Mrs. James W. Fager. A report on the Adams County Home Auxiliary was given by Mrs. Fager, who is a member of the organization. She stated that two volunteer members are needed from the local auxiliary and that the membership dues of \$1 will be paid by the Legion.

It was announced that the Americanism medals, which are to be presented as a gift of the auxiliary to a student in the sixth grade of the Littlestown public school and to a pupil of the eighth grade of St. Aloysius parochial school, have been received and will be awarded at the proper time.

The group voted a contribution of \$10 to the Department President's project which is to make a contribution of \$1,000 to each of the veterans' hospitals in Pennsylvania. The auxiliary decided to make a donation of \$10 to the poppy fund, the sale of which is being conducted this year in the community by the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars Auxiliary.

Mrs. Elmer Gall was appointed delegate to the quarterly meeting of the Four-County Council to be held Thursday, June 7, at McConnellsburg. Reservations for the council meeting must be made with Mrs. Fager by Friday, June 1. At the quarterly meeting the morning session will open at 10:30 o'clock and luncheon will be served at 12:30 p.m.

The meeting closed with a social hour including games and refreshments. The May committee in charge was composed of Mrs. Robert B. Warchein, Mrs. Edwin W. Elder, Jr., and Miss Edna Blucher. The next meeting of the Legion Auxiliary will be held Wednesday, June 13, at 8 p.m. at the post home. The committee for this meeting is comprised of Mrs. Elmer Gall, Mrs. Lloyd Baker and Mrs. Wayne Arnold.

To Buy Wheel Chair For Community Use

It was decided to purchase a wheel chair for use in the community at the first May meeting of the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars, Tuesday evening at the post home. Announcement will be made when the chair arrives.

The meeting was in charge of the commander, John R. Bloom. The following were appointed as delegates to the State Encampment to be held in July: Lawrence Dooley, Kenneth Sparver and Luther Hanky. Alternates appointed were Burnell Keagy and Monroe Stavely. The organization decided to purchase five copies of "The History of the Rights of Man" and contribute them to the Littlestown Junior-Senior high school library. Noah Powell was voted into membership on Tuesday evening. The quartermaster, Gerald W. Daley, reported that the organization now

Gathering Data For New Town Directory

Soliciting is now being done in Littlestown for a community directory. The need for the directory has

been felt for some time and several attempts to have one in previous months have failed. It is hoped that the cooperation received from the people thus far will continue. The directory will be published by The Standard Directories, Inc., of Silver Spring, Md., and it is hoped that it can be compiled and ready for release by the middle of June.

The local solicitors are Mrs. Donald Fisher of Hanover and Miss Shirley Hawk of town. They will call at each home in the community and lead of Post No. 84.

will ask the following questions: last name, address, husband's first name and occupation, wife's first name and occupation, names of other members of the family and occupation if any, names of other residents of the home if any, is there a telephone in the home and is the home owned by the resident?

The Standard Directories, Inc., has published directories for many Pennsylvania communities including Hanover, McSherrystown, Sunbury and Lewistown. The directory that

is now being compiled will contain a census of the residents of Littletown, Hanover, McSherrystown and New Oxford. Orders are also being taken by the solicitors for the book which costs \$1.50. The local directory will contain information concerning the Littlestown clubs, organizations, churches, schools, bureaus, council, business establishments and residents.

It is estimated that about 1,250,000 people live in Asia.

BRITAIN TAKES FIRST STEP TO CURB RED CHINA

BY DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Spurred by pressure both at home and abroad, the British government announces that it is cutting off all rubber exports to Communist China. He thought that stoppage of the rubber trade would "clear the air."

Logical Action

Certainly Britain's action may be expected to help "clear the air." After all, nothing could be more illogical than for the democracies to lend support to a nation like Bolshevik China which is making war on the United Nations forces in Korea.

That is to say, Britain agrees to eschew this vastly important phase of what is in effect trade with the enemy. For Red China has joined with Bolshevik Russia in an unholy alliance to destroy the democracies. Moreover, Peking has been branded an aggressor by the United Nations for her assault on Korea.

This step by our principal foreign ally will be received with appreciation and relief in America. And we shall do well not to indulge in holier-than-thou boasting of our own immaculate way of trade. We shouldn't forget how we continued to pour oil and iron into Japan when she obviously was on the rampage just before Pearl Harbor.

Seek World Embargo

Britain's action strengthens the belief that Britain and France may back up America's proposal in the U.N. for a world-wide embargo against shipping arms, ammunition and war material to Red China and North Korea.

Of course the most effective embargo would be an all-out restriction

Sunday School Lesson

(Continued from Page 5)

since David's time. Among Solomon's 700 wives and 300 concubines were pagan women. For them he built altars. There were other pagan infiltrations into the ranks of people whom God had chosen to establish his Kingdom, and no other. "Thou shalt have no other gods before me." That was a divine command which could not be broken without punishment, and retribution did come to Israel in due time.

All this has vital meaning for the present day. As paganism ate like a cancer into Israel's body so godlessness can, and one fears does, weaken the life of nations supposed to be Christian. America is strong, and perhaps a bit too proud of it. We are rich, and two luxurious. There are many forms of evil with which we have to contend. These are of an insidious nature. As we think of the forces for righteousness among us we believe we can "contain" (to use a military term) the forces of evil. That will depend upon the purity of our religion and our alertness against all forms of sin. Not only confessed, but also applied, religion is the constant need. Our thoughts are much on communism and how to meet its threatening influence. Basic among the things that may be done to observe the Divine Law given through Moses. The Commandments are still the best directives for right conduct and action.

Worshiping false gods, whether ancient or modern, will yield its own fearful harvest. Note how Amos catalogues the vices and wrongs of his day. In other forms they are still practiced. It is also still true that righteousness will preserve and exalt a people.

EX-EMPEROR OF INDO-CHINA GETS STRONGER

By SEYMOUR TOPPING

AP Foreign Affairs Analyst
Dalat, Indochina—Many Viet Nam nationalists still can't see Bao Dai as the country's top political leader, but he commands more respect than he did a year ago.

Most Viet Nam Nationalists favor Communist leader Ho Chi Minh. His appeal is based more on his struggle to win complete independence from France than on any ideological grounds.

Bao Dai, a former emperor, has won steadily in stature as a political figure, but he still has a long way to go to outrank Ho.

A lot depends on what happens here. If the Communist-led Viet Minh can be contained and conditions within the French-controlled zone normalized, the Viet Nam people may look more and more to Bao Dai as a symbol of peace and stability.

Needs Free Hand

But he'll need a free hand in running the country than the French now permit him. This is necessary to win more face. And he'll have to be more circumspect in his personal life in order to live down his layboy reputation.

Bao's public attitude toward the French is correct and cordial. Privately he complains of too much French interference in Vietnam public affairs. He says the French are very slow in their promise to help form a Vietnamese army.

It has been two years since the French returned him from exile to take the helm of the Paris-sponsored Vietnam government.

In an interview in his hilltop villa in Dalat, Bao Dai said that direct Chinese Communist intervention in Indochina would touch off grave international consequences and bump against unrelenting opposition among the Viet Nam people.

Predicts Victory

For those reasons, he believes the Soviet Union and her Communist allies, including Red China, are not planning any direct military intervention at this time.

Bao Dai predicted that without interference the struggle between the two forces will be won. But in order to do this, he added, political as well as military action is necessary.

Bao said he had won political support by his promise to hold free elections to determine a permanent form of government, to institute a national reconstruction program and convene a national assembly soon.

He said the open aid which the French have received from the communist countries and signs of communist political dictation are showing the Viet Nam people the true colors of the opposition.

The United States has an important stake in the outcome. Already the U.S. has earmarked more than \$100,000,000 for military aid to France and the Viet Nam forces. The military equipment is due to

DEMAND AID BE WITHHELD FROM NATIONS SELLING TO RED CHINESE

Washington, May 11 (P) — The Senate has demanded that U.S. economic aid be withheld from any nation which permits shipment of any arms or other military material to Russia or its Communist allies.

This provision was written unanimously into a \$431,127,477 supplemental appropriations bill passed by the Senate late yesterday.

The same ban was not included in the measure when it passed the House earlier. However, the Senate ordered its conferees not to yield an inch on the provision in their compromise sessions with the House conferees.

This was done after Republican

leader Wherry of Nebraska noted that a similar ban was put in an appropriations bill last year but that it was watered down at House insistence. The change permitted the administration to shut off such aid.

Denounce Great Britain

Senators in both parties have denounced Great Britain and other Marshall plan countries for what they called recent shipments of rubber and other goods to Red China. The ban was in an amendment offered by Senator Kem (R-Mo.) and accepted by the Democrats.

The appropriations bill, which includes funds for a number of government departments for the present fiscal year ending June 30, was the first to be considered by the Senate this session.

Another Deep Slash

The Senate showed itself in an economizing mood by refusing to adopt any amendments adding substantial amounts to the measure. As it came from the Appropriations committee, it carried \$430,102,447.

This was done after Republican

The Senate itself added only \$1,025,-
